**Four Physicians from China Arriving in Rockford for  
Specialized Orthopedic Surgical Training**

**ROCKFORD, IL** February 25, 2011 ... **Scott W. Trenhaile, MD**, of Rockford Orthopedic Associates, Ltd. continues to attract observation and training requests from international orthopedic surgeons through the *Surgeon to Surgeon Program*. **Trenhaile will host a group of visiting surgeons from China on Tuesday, March 1st.** Drs. Zhongli Li, Gengyan Xing, Daozhang Cai, and Wei Lu will observe Dr. Trenhaile demonstrating advance techniques for rotator cuff repair, shoulder instability, and biceps tenodesis at Rockford Orthopedic Surgery Center in Rockford, Illinois.

Dr. Trenhaile has been a highly requested instructor on the *Surgeon to Surgeon Program* tour since 2009 based on his contributions to technique improvements and expertise in the highest level of surgical shoulder care. He has hosted multiple groups of surgeons from Poland and Germany and Tuesday's visitors will be the first group from Asia. In addition to providing on-site training in Rockford, Dr. Trenhaile was invited to serve as a keynote speaker on biceps outcomes, chair the shoulder instability meeting section and conduct two workshops at the 5th International Course in "*Shoulder, elbow, and Wrist Surgery: Arthroscopy, Arthroplasty, Fractures, Rehabilitation*" in Pozan, Poland this past January. He most recently conducted "*All Arthroscopic Biceps Tenodesis Made Simple*" for US surgeons attending the 18th Annual Symposium on Advance Wound Care in San Diego, California on February 16, 2011.

As a Board-Certified surgeon, Dr. Trenhaile's practice at Rockford Orthopedic Associates is focused on arthroscopic surgery of the shoulder, elbow, knee, and the treatment of sports or activity-related injuries. He serves as team physician for sports teams at the high school, college, and professional level, and as Clinical Assistant Professor and Adjunct Clinical Instructor for the University of Illinois College of Medicine, Rockford and Midwestern University, respectively. He has spoken at numerous lectures and authored textbook chapters and journal articles on shoulders and elbow surgery. Dr. Trenhaile is actively involved in the development of surgical technique and device advances.

The *Surgeon to Surgeon Program* is offered by Smith and Nephew ([www.smith-nephew.com](http://www.smith-nephew.com)), a developer of advance medical devices, to coordinate and provide surgeons from around the world with the opportunity to meet, observe and learn from leading orthopedic surgeons.

Rockford Orthopedic Associates, Ltd. serves the Northern Illinois region in multi-specialty orthopedics and offers a full range of orthopedic care including the specialties of podiatry, physical medicine and rehabilitation, and rheumatology. Rockford Orthopedic offers the ancillary services of physical therapy, MRI, workers' compensation, and an out-patient surgery center. #

*... a higher standard of care.*
